

Our solid walnut wood table offers an elegant kidney shape design, along with a 3.5 inch diameter cupholder groove to hold your beverages in place. The table has a 9.75 x 0.5 inch slot, perfect for cell phones or reading materials.

On the bottom of the table is a bean bag pouch so that you can use it on your lap. Alternatively, add the aluminum post and use it in the Accessory Dock for a fully functional swivel table.

WALNUT SWIVEL & LAP TABLE
